I'm Nicolas. I live in Ecuador.
I live near the sea. It's very hot here.
Today I'm at home. I'm in the kitchen.
I'm preparing a fruit salad. I've got a pineapple, oranges and a melon.

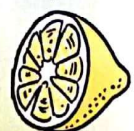

People eat different food in different parts of Ecuador. In the mountains people eat lots of rice. They eat chicken and meat too.

In Ecuador we eat lots of fruit. We've got lots of fruit trees. This is a papaya tree. Bananas grow in Ecuador too.

Near the sea people eat fish. This is ceviche. It's made of prawns, onions and lemon juice. We eat ceviche with fried banana. Ceviche is my favourite food!
