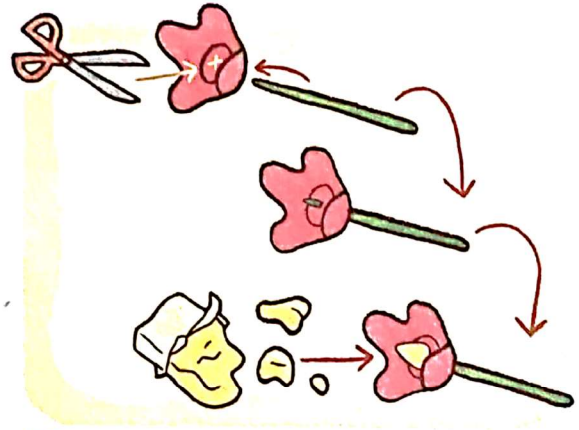
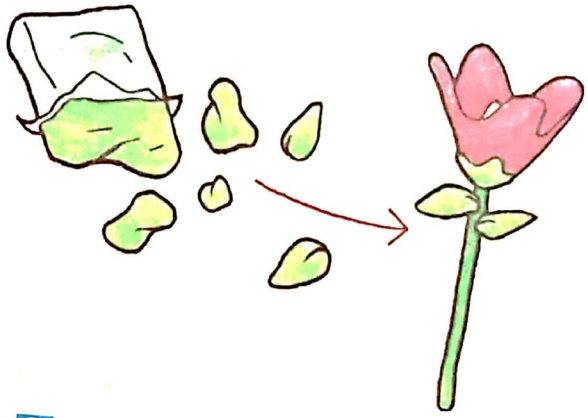
Arts and crafts: 4th grade. Primary Education. Date: _____

A flower. For this activity, you need: an egg carton, a wooden stick, modelling clay and a small plastic bottle. Follow the steps to make a flower and a vase.

1 Cut out part of an egg carton and colour it with tempera paint. Paint the wooden stick green.

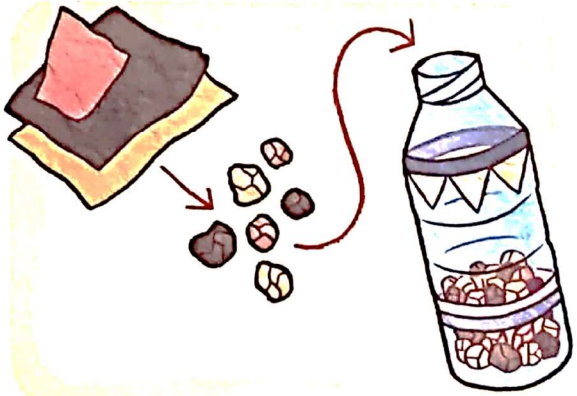


2 Insert the wooden stick into the egg carton and put a little modelling clay inside.



3 Carefully make the leaves with green modelling clay.

4 Decorate the water bottle by cutting and glueing coloured paper.



5 Make the sand for your vase using little balls of paper.

6 Your flower and vase are ready! If you like, you can add two more flowers.
